0144 BOARD MEMBER ORIENTATION AND TRAINING

The preparation of each member for the performance of Board of Education duties is essential to the proper functioning of the Board. The Board encourages each new Board member in the acquisition of information about school district governance, the separate functions of the Board and the Superintendent, the operations of the district, and Board procedures.

The Board directs that each new member receive, for use during the member's term of office, the Board manual of bylaws and policies, each negotiated agreement, the current budget statement and audit report, the most recent long range facilities plan, and such other materials as deemed appropriate by the Superintendent.

The Board President, Superintendent, and the Board Secretary shall meet and discuss the Board functions, policies and procedures with each new Board member.

Each new Board member shall complete during the first year of his or her term the training program offered by the New Jersey School Boards Association regarding the skills and knowledge necessary to serve as a Board member.

The training program shall include information regarding the school district monitoring system established pursuant to P.L. 2005, c. 235, the New Jersey Quality Single Accountability Continuum, and the five key components of school district effectiveness on which school districts are evaluated under the monitoring system: instruction and program; personnel; fiscal management; operations; and governance. The Board member shall complete a training program on school district governance in each of the subsequent two years of the Board member's first term.
