

5450 ATHLETIC AWARDS

The Board of Education believes that interscholastic sports are an important part of the school program and will recognize the achievements of students who give many hours of their time in the district athletic program.

Requirements for awards in each sport shall be decided by a committee composed of coaches, Athletic Director and Principal. Community groups and individuals may recognize the athletic achievements of students provided that the award and the criteria by which its recipient is selected have been approved by the Superintendent.

~~Individual athletic achievement will be recognized by the award of _____.~~
~~All members of a championship team or group in interscholastic competition will be recognized by _____.~~

Optional

The Superintendent shall develop procedures for the recognition of student athletes that ensure the equitable selection of award recipients, the designation of appropriate awards, and the arrangement of suitable presentation ceremonies.
