- 5600 Code of Conduct
- 6112 Reimbursement of Federal and other Grant Expenditures
- 6311 Contracts for Goods or Services Funded by Federal Grants
- 6362 Contributions to Board Members and Contract Awards
- 8506 School Lunch Program Biosecurity Plan
- 8630 Bus Driver/Bus Aide Responsibility

BACKGROUND INFORMATION

Policy 5300 which replaces the previous Policy 8441.1, reflects the requirements of Janet's Law, which requires that every school district have an automated external defibrillator ("AED") in an unlocked location in every school and an emergency action plan identifying trained personnel.

Policy 5600 is being revised to reflect changes in N.J.A.C. 6A:16-7 for Student Conduct which has been updated. Changes implemented include the requirements for conduct away from school grounds and student records and confidentiality. Another change is in the overt reference to Policy 5519 Dating Violence.

Policies 6112, 6311, 6362, and 8506 are mandated policies which had not previously been adopted by this district.

Policy 8630 is being revised to incorporate the requirements that bus drivers and bus aides be trained on proper procedures for interacting with students with special needs. Additionally, bus drivers and bus aides must provide a certification to the district that they have completed this training, to be maintained by the district and a copy forwarded to the Department of Education.
